PERFORMERS AT THE WORLD CULTURAL FESTIVAL

OUR MISSION

The Valparaiso International Center (The VIC) is an independent nonprofit organization that is located in downtown Valparaiso, yet serves all of Northwest Indiana.

The VIC serves as a forum to learn about different cultures through interactive events, festivals, classes and discussion groups. It also provides services that help international residents and visitors to feel welcome and fully enjoy American culture and rights.

OPEN DOOR TO ALL POLICY

The VIC and its supporters welcome you into the community. Moving to a new country, state, or city is not easy, especially when the culture, people, and language are different. The VIC has prepared an online guide with topics ranging from education and housing to healthcare and community events to help make the transition and your life in Porter County enjoyable. You can access this guide on our website.
